

## Federal Energy Regulatory Commission

## § 367.1900

facilities. Any net credit or debit resulting must be cleared to the construction or service project to which the facilities relate.

### **§ 367.1860 Account 186, Miscellaneous deferred debits.**

(a) This account must include all debits not provided for elsewhere, such as miscellaneous work in progress, and unusual or extraordinary expenses, not included in other accounts, that are in the process of amortization and items the proper final disposition of which is uncertain.

(b) The records supporting the entries to this account must be kept so that the service company can furnish full information as to each deferred debit included in this account.

### **§ 367.1880 Account 188, Research, development, or demonstration expenditures.**

(a) This account must be charged with the cost of all expenditures coming within the meaning of research, development and demonstration (RD&D) of this Uniform System of Accounts (See Definitions § 367.1(a)(40)), except those expenditures properly chargeable to account 107, Construction work in progress (§ 367.1070).

(b) Costs that are minor or of a general or recurring nature must be transferred from this account to the appropriate operating expense function or, if the costs are common to the overall operations or cannot be feasibly allocated to the various operating accounts, then the costs must be recorded in account 930.2, Miscellaneous general expenses (§ 367.9302).

(c) In certain instances, a service company may incur large and significant research, development, and demonstration expenditures that are non-recurring and that would distort the annual research, development, and demonstration charges for the period. In such a case, the portion of such amounts that causes the distortion may be amortized to the appropriate operating expense account over a period not to exceed five years, unless otherwise authorized by the Commission.

(d) The entries in this account must be maintained so as to show separately

each project along with complete detail of the nature and purpose of the research, development, and demonstration project together with the related costs.

### **§ 367.1890 Account 189, Unamortized loss on reacquired debt.**

This account must include the losses on long-term debt reacquired or redeemed. The amounts in this account must be amortized in accordance with General Instruction § 367.16.

### **§ 367.1900 Account 190, Accumulated deferred income taxes.**

(a) This account must be debited and account 411.1, Provision for deferred income taxes—Credit, operating income (§ 367.4111), or account 411.2, Provision for deferred income taxes—Credit, other income and deductions (§ 367.4112), as appropriate, must be credited with an amount equal to that by which income taxes payable for the year are higher because of the inclusion of certain items in income for tax purposes, which items for general accounting purposes will not be fully reflected in the service company's determination of annual net income until subsequent years.

(b) This account must be credited and account 410.1, Provision for deferred income taxes, operating income (§ 367.4101), or account 410.2, Provision for deferred income taxes, other income and deductions (§ 367.4102), as appropriate, must be debited with an amount equal to that by which income taxes payable for the year are lower because of prior payment of taxes as provided by paragraph (a) of this section, because of difference in timing for tax purposes of particular items of income or income deductions from that recognized by the utility for general accounting purposes. The credit to this account and debit to account 410.1 (§ 367.4101), or 410.2 (§ 367.4102) must, in general, represent the effect on taxes payable in the current year of the smaller amount of book income recognized for tax purposes as compared to the amount recognized in the service company's current accounts with respect to the item or class of items for which deferred tax accounting by the
